

THE INSEAD
APARTMENTS

The INSEAD apartments are set in the historic grounds of the Château de Courances and its park in the old farm buildings.

The apartments offer country living with access to the park. The Château de Courances is open to the public at weekends from April to October when the Foulerie, our tea room, is also open and can host dinners or events. You can also enjoy seasonal events such as our Pop-Up dinners with celebrated chefs, and vintage car shows.

The Château de Courances offers riding and Polo, and students have access to a fully equipped work out room, as well as yoga classes, pilates, and massages in our wellness room, Le Vivier.

We are also proud of our 3 hectare organic walled vegetable garden which provides produce for our farm shop as well as for chefs in Paris. Should your family or friends visit you, we also provide accommodation in our holiday cottages.

At the Château de Courances you share in the life of the historic grounds, and we hope to make your stay memorable through such occasions as drinks with the family.

Shared spaces

Garden of 2500m²
